

THE BIGGEST INDEPENDENT DISTRIBUTOR OF DIGITAL CONTENT IN POLAND.

We are the biggest independent distributor of digital content in Poland. Our mission is to enable broad access to multimedia content at the time and place chosen by the user. We supply and promote music, audiobooks and videos to, among others, Spotify, Apple Music, iTunes, YouTube, Google Play, Tidal, Amazon, Pandora, Napster, as well as to Chili TV, Audioteka or Storytel. We are also the first certified YouTube partner in Poland. Currently, we support more than 550 creators and music labels, we also manage around 400 YT channels.

At Independent Digital we offer cooperation based on 360° model, which means that except for technical support necessary to cooperate with international services, we provide additional services consisting of optimization and promotion of our creators in those services. Furthermore, our clients have access to personalized reporting tool, that enables access to daily sales reports of delivered music. Our fifteen-years-long experience in the industry combined with everyday cooperation with local and global services provides us the real impact on marketing and promotion of the content published by them. It translates directly into the increase of the creator's fan base, enhances the image and enables receiving remuneration.
